

# Elective: Art and Design

## Overview

Students can develop their art and design skills in a range of different media. Possible activities include drawing, painting, crafts, and textiles. Students will learn about the creative process and will develop an idea to produce a final outcome. They will be taught the techniques and skills they need to be able to achieve a desirable outcome. Final outcomes will vary, but could be a drawing, a painting, a piece of clothing/bag or a 3D sculpture. This elective is suitable for students of all abilities.

## Learning Outcomes

- Students will have developed an idea from a design brief to final product.
- Students will be able to use different source materials as inspiration.
- Students will have developed practical skills and techniques in their chosen media.

## Language Outcomes:

Students will be able to:

- use English words to describe the main techniques and equipment used in their lessons.
- comment on and evaluate their work and the work of others.
