Performing Arts

Your child will develop their skills, craft and experience to build character and confidence for a potential future in the performing arts industry.

Students will showcase their talents at an end of course production to be performed to their fellow students and Bell staff.

Discover performing arts with an experienced performing arts specialist

Want to take to the stage and perform live? Our Performing Arts Academy will introduce you to the skills needed to perform on stage and expand your experience in areas, like singing, dancing and acting, as well as supporting your language learning in a performing arts context.

Our Performing Arts Academy is taught by a performing arts tutor who has experience in teaching students dance, singing and acting.

On this Academy, students will:

- Develop performance technique in areas such as acting, singing and dancing.
- Develop confidence and teamwork skills as they create a performance together.
- Learn improvisation and public speaking techniques.

Summary

Working towards a collaborative performance piece to be performed in the main theatre prior to all the students at the final course show.
