Your Bell programme

Students learn faster and more successfully when they use English all the time and in a range of situations. This is why we offer fully integrated courses with lessons, activities and exciting study tours.

Inspiring lessons and project-based learning

Our lessons are carefully planned to improve students' language skills and build confidence. We focus on developing core English language skills through engaging and relevant weekly project themes, like 'Protecting the Planet'. Students work in groups and use what they have learned to produce a final project such as a short film or presentation.

Educational Activities

At Bell, our educational activities and Academies support what your child has studied in class. Students practise their English while focused on an activity, leading to a natural use of the language.

Student arrivals and departures

The Bell experience starts from the moment we collect your child at the airport. A Bell-appointed representative or staff member with a Bell sign will meet your child in arrivals and travel to Bell with a member of staff. On departure day, your child will be accompanied by a Bell member of staff to the check-in desk in time for their flight.

Educational activities

Learning at Bell does not stop outside of the classroom. Learning everywhere is one of our core teaching principles, and our educational activities, study tours and Academies are planned with learning outcomes – just like our lessons.

Study tours

Fully inclusive in the course fee, your child will get to explore exciting places around the UK, such as Oxford, Cambridge, Warwick Castle. Each study tour reflects the weekly project theme and includes exciting tasks to complete.

Evening events

Students get further opportunity to practise their English as one big group or in teams during our evening events, which include quizzes, talent shows, sporting events and movie nights.

Morning & evening house meetings

Houseparents dedicate time with students to outline schedules for the following day and encourage students to reflect on each day.

Language test

We want your child to get the most out of their course. Each student takes a short English language test when they arrive to make sure they are placed in a class appropriate to their level.

The maximum age of our Young Learner centres is 17. However, occasionally in a school group that joins us, there may be a small number of 18 year old students as they are in the same year as the rest of their group.
